**NEW YORK STATE SENATE
INTRODUCER'S MEMORANDUM IN SUPPORT
submitted in accordance with Senate Rule VI. Sec 1**

BILL NUMBER: S2990A

SPONSOR: HARCKHAM

TITLE OF BILL:

An act to amend the public health law and the insurance law, in relation to requiring services provided by telehealth reimbursed at the same rate as an in-office visit

PURPOSE:

This bill would ensure that telehealth services are provided at the same rate as in-office visits

SUMMARY OF PROVISIONS:

Amends the public health law and insurance law to ensure that telehealth services are provided at the same rate as in-office visits

JUSTIFICATION:

On December 29, 2014, New York's first telehealth bill was signed into law. It helped pave the way for the advancement of an entirely new method for the delivery of healthcare services in the state. On March 12, 2020, due to the COVID-19 pandemic, Governor Cuomo signed Executive Order 202.1 allowing for expanded flexibility regarding the state's telehealth law. Among other provisions, it allowed for providers to use audio-only visits. This bill would ensure that providers are paid at the same rate for these telehealth services as they are for in-person visits.

LEGISLATIVE HISTORY:

2019-20: A10715 referred to Health / S8688 referred to Rules

FISCAL IMPLICATIONS:

To be determined

EFFECTIVE DATE:

This act shall take effect immediately.
